BUILDING PERMIT # _____ **DATE:** _____

OWNER OF PROPERTY: _____

OWNER ADDRESS : _____

ELECTRICAL CONTRACTOR: _____

LICENSED BUILDING CONTRACTOR: _____

I/we, the undersigned, hereby make application for a temporary electrical power and/or lighting connection for the building being constructed under the authority of Rockingham County Building Permit Number _____. This temporary electrical power is required for the following purposes: _____, and will be required for a period of _____ days, commencing on _____ and ending on _____.

I/we, the undersigned hereby assume full responsibility for any damage or destruction which may occur from the usage of this temporary electrical power and/or lighting. The approval of this application by the County shall in no way constitute a final inspection of the electrical wiring, nor shall it be construed as an occupancy permit or a certificate of occupancy.

It is understood and agreed to, that the building or structure for which this temporary power is required is not to be occupied for its intended use, until all final inspections, stipulations, or other requirements under which the building permit was issued are in full compliance.

It is further understood and agreed, to, that upon failure on the part of the owner, owners, or agents to comply with this agreement that the Inspections Department may order the Power Company furnishing power, to discontinue and/or disconnect the electrical service with out notice.
